

Damage, Loss, Theft

Parent/Student Financial Responsibility for Repairs

Students/Parents are responsible for a service fee of \$49 dollars for any instances of breakage or damage to the iPad.

Students will be issued textbooks to assist with school work until his/her iPad is repaired and returned. Students are encouraged to take VERY good care of their iPad device.

Lost iPads

Anytime an iPad goes missing, it must be reported to the school immediately. The faster it gets reported, the sooner we can start working on looking for it.

The District has a clear policy *BP 6161.2* (below) regarding who is responsible for lost or damaged District property on loan to students. Based on that policy, parents/students are responsible for loss or damage to iPads. The cost of reparation is equal to the current replacement cost of the iPad or iPad accessory.

Stolen iPads

In the event an iPad is stolen, a police report must be filed immediately. Since iPads are school property, parents do not have to file the police report, the school will. However, parents and students will be asked to meet with law enforcement and school officials to help complete the report.

Parents and students are responsible for replacement costs of stolen property if the student is negligent and/or contributes to the iPads being stolen. Negligence is anything the student does that violates the iPad Acceptable Use Policy which results in theft or loss. For example, a student who loans his/her iPad to a friend who leaves the iPad in an unsecured location, resulting in theft, would be negligent under the iPad Acceptable Use Policy since it clearly states that students are not to loan their iPads to anyone - this includes family members.

Replacement Costs are as follows:

iPad Replacement fee - \$484.00
iPad Case fee - \$18.00
30 pin cable - \$11.00
Lightning cable - \$14.00
Power brick - \$22.00

Total cost for the iPad and all accessories is - \$549.00.

Parents may pay for lost equipment in one of the following ways:

- pay in full at time of loss
- payment plan (to be determined at school where iPad was reported lost)

Parents who do not want to assume this liability or who worry about whether their child is responsible enough to care for an iPad as a take-home item may opt to have a student check out and return an iPad from school daily. Students on daily checkout are still responsible for loss or damage to the iPad while it is checked out to them. However the concern about potential damage or loss to the device while the student is not at school is removed.

If a lost iPad is found in good working condition, parents will be reimbursed for any amount of money they have paid to replace the lost item. If the iPad is found but is not in good working condition, parents will be charged for the total cost of repair.
